[Lubin Baugin](#): Still-life with
Chessboard ^[5]

Bouquet,
an [UCI](#) compliant [Ippolit
derivative](#) served as closed source
by [Jose M^o Velasco](#) ^[1]. Bouquet
was first released in May 2012 ^[2],
and requires [MSVC++ 2010 dlls](#) ^[3]
. 32- and 64-bit executables for
respective [Windows](#) versions are
available. Bouquet 1.8 has a
[parallel search](#) which supports up
to 16 [threads](#), and uses runtime-
detection whether the [x86](#) or
[x86-64 population count](#)
instruction is available or not ^[4].
