Tomato and Cipollino on a Russian stamp <sup>[10]</sup>

### Cipollino,

a [private chess engine](#) <sup>[1]</sup> by [Giancarlo Delli Colli](#) in dependence on the fictional character from [Gianni Rodari's](#) eponymous *Tale of Cipollino* also known under its 1957 renamed title [The Adventures of the Little Onion](#) <sup>[2]</sup>, who fights the unjust treatment of his fellow vegetable townfolk by the fruit royalty. Cipollino played the [CIPS 2007](#) with 5½/6 <sup>[3]</sup> <sup>[4]</sup>, with hindsight zeroed on the [G 6](#) tournament page <sup>[5]</sup>. Concerning engine originality of [Olivier Deville's ChessWar](#) tournaments, Cipollino was suspected as [Fruit](#) derivative by [Christopher Conkie](#) <sup>[6]</sup>, and according to Olivier Deville first forfeited and later reinstated after Giancarlo Delli Colli provided Christopher Conkie with some source code for examination, and nothing suspicious has been found <sup>[7]</sup> <sup>[8]</sup> <sup>[9]</sup>.
