

[Home](#) * [People](#) * **Jim Ablett**

Jim Ablett,

a British IT engineer and [Intel-C](#) compiler [optimization](#) wizard, known for his [profile guided optimized](#) speed builds of various open and closed source chess programs. On August 08, 2013, Jim Ablett abandoned his site ^[1], since what he was doing was becoming more of a chore than a hobby ^[2].
