KChess Elite <sup>[6]</sup>

**KChess,**

a family of commercial chess programs written by [Rob McDonell](#) in [Delphi](#), market by his software development business company *Ark Angles* <sup>[1]</sup>. In the early 90s KChess' development was inspired by [Kaare Danielsen's Turbo Chess](#) program, and the KChess engine is still largely Turbo Chess with some code improvements <sup>[2]</sup>. KChess has its own [GUI](#) to run under [Windows](#), *KChess Advance* <sup>[3]</sup> and specially the more sophisticated *KChess Elite* <sup>[4]</sup> focus on educational features and are suited for use with [screen reader](#) software for the [blind](#) or [visually impaired](#) <sup>[5]</sup>.
